Decorative Metal Wiring Accessories in assorted plate finishes

Issue 4

Switches • Power Socket Outlets • 13A Fused Connection Units
Control Switches • TV Telephone and Data Sockets

A comprehensive range of decorative metal wiring accessories now available under the single DECO brand. A brand that is synonymous with high specification, high quality, long life and unprecedented value for money.

Each product is supplied individually packaged in its own distinctive printed box complete with comprehensive fitting instructions.

DECO switches feature the same modular switch design as our moulded ranges. All of the switch modules featured in our dedicated MODULES brochure can therefore be used in any combination on DECO accessories.

All the UK socket and fused connection unit inserts carry the prestigious BSI Kitemark logo and offer a twin earth facility to assist in installation.

product finishes

Every DECO product featured in the pages of this brochure is available in 9 distinctive quality finishes: Antique brass*, polished brass, polished chrome, satin chrome*, satin brass*, black nickel, pearl nickel, stainless steel and Georgian style cast brass. *UK Design Registration 3015621.

Victorian Style (VP)

Antique Brass (AB)*

Polished Brass (BR)

Polished Chrome (CH)

Satin Chrome (SC)*

Black Nickel (BN)

Pearl Nickel (PN)

Stainless Steel (SS)

Satin Brass (SB)*

Georgian Style (GC)

Georgian style available in polished brass finish only.

All DECO products are available with black or white inserts, excluding antique brass and black nickel finishes which are supplied with black insert and gasket only.

Deco unique product codes

When ordering a product from this catalogue, please specify a unique product code as shown. For example if you wish to order a 2 gang 13A switch socket in polished brass finish with a white insert, the unique product code will be VPBR036WH

deco range prefix	colour	product no.	insert colour
↓	↓	↓	↓
VP	BR	036	WH

switches

Modular Ingot Plate Switches • Dimmer Switches
Toggle Switches

All DECO switches are supplied complete with requisite switch module(s). However, should local conditions dictate, the installer may customise a switch arrangement by substituting switch modules by means of a simple, single fixing screw.

A comprehensive range of available modules is illustrated in our dedicated MiniGrid brochure section.

Unfurnished mounting plates can be ordered separately (see Page a7) and furnished with whatever selection of switch modules may be required.
