Minigrd Plates • Minigrd Modules • Dimmer Switch Modules • Toggle Switch Modules

Issue 1

CLICK[®] MINIGRID

This new brochure serves to introduce the extended range of CLICK MINIGRID mounting plates and modules. All of these new items are comprehensively illustrated throughout the following pages.

Since the launch of the moulded CLICK and POLAR accessory ranges the modular switch arrangement standard in both products has proved to be a highly valued facility amongst designers and installers alike.

Simple, single screw installation of the modules on the mounting plates has encouraged contractors to devise and install customised switching solutions on-site.

The fully interchangeable MINIGRID modules are fitted as standard into our moulded CLICK, POLAR & MODE, decorative DEFINE, DECO & DEFINITY and Metal Clad ranges.

minigrid plates

The MINIGRID modules illustrated on the following pages are all easily and quickly exchanged or mounted onto unfurnished plates by means of a simple single screw fixing.

minigrid plates

12 Module Plate

NEW

The furnished plate listed below contains 6 x single width and 3 x double width MiniGrid modules.

The yoke 'GR100' (x2) is required to mount the MiniGrid modules into prior to assembling the front plate.

12 Module Plate Range

VP**512 12 MiniGrid Module Plate

For range of finishes see bottom of page.

PRW512 12 MiniGrid Module Plate - Polar White

VPSS512

Every 'VP' MiniGrid product featured on this page is available in a range of distinctive finishes: Antique brass, polished brass, polished chrome, satin chrome, satin brass, black nickel, pearl nickel & stainless steel.

* UK Design
Registration 3015621

When ordering a product from this catalogue, please specify a unique product code as shown below. For example if you wish to order a 12 module front plate in stainless steel finish, the unique product code will be VPSS512.

18 Module Plate

NEW

18 Module Plate Range

VP**518 18 MiniGrid Module Plate

For range of finishes see bottom of page.

PRW518 18 MiniGrid Module Plate - Polar White

The furnished plate listed below contains 18 x single width MiniGrid modules.

The yoke 'GR100' (x3) is required to mount the MiniGrid modules into prior to assembling the front plate.

VPSS518

Every 'VP' MiniGrid product featured on this page is available in a range of distinctive finishes: Antique brass, polished brass, polished chrome, satin chrome, satin brass, black nickel, pearl nickel & stainless steel.

* UK Design

Registration 3015621

When ordering a product from this catalogue, please specify a unique product code as shown below. For example if you wish to order a 12 module front plate in stainless steel finish, the unique product code will be VPSS512.

minigrid plates

Yokes • Back Boxes

NEW

Galvanised steel back boxes supplied for flush mounting of the large MiniGrid plates.

Mounting Yoke facilitates pre-assembly of required modules. Fitted with twin earth terminals.

Yokes & recommended ranges:
 Black - Deco, Define & Definity ranges.
 Click White - Deco range
 Polar White - Define, Definity & Polar ranges

minigrid modules

Dimmer Module Mounting Kit

The Click dimmer module mounting kit is double aperture size and is suitable for mounting on all existing CLICK Minigrid blank plates, whether they be moulded or decorative metal plates. Please refer to our dedicated range catalogues for product codes of available plates.

The illustrations of finished switch plates on these pages show dimmer modules mounted in tandem with Minigrid single aperture switch modules.

The dimmer module mounting kits comprise a module mount frame, operating knob and innovative nut runner to facilitate the fixing of the locking nut. Locking nut and washer supplied with the CLICK dimmer modules.

The decorative operating knob and the mount frame are finished in the same design as the selected wall plates. Equally, they may be mounted on contrasting plate finish to produce a particular decorative effect.

An extensive range of dimmer modules are available on page k31.

Plate illustrated above is a standard 1 gang 3 aperture moulded MODE plate

Plate illustrated above is a standard 2 gang 6 aperture DECO plate in Chrome finish

dimmer & toggle

Dimmer Switch Modules • Toggle Switch Modules

Manufactured with the designer in mind these traditional dimmer and dolly switch modules offer yet another option to the lighting or interior designer. The 'mix and match' nature of these modules offer both the designer and installer unprecedented flexibility in creating imaginative switching solutions.

If a rotary dimmer is required for mounting with a rocker switch, see our dimmer module mounting kit on page k29.
